# 3 Hr. Workshop Sunday Dec. 14th

3 – 6 pm

Toning & Singing  
Through the Chakras

## Connecting within The Rainbow Bridge

Come explore the depths of your soul and open up aspects of your voice, body and mind through singing within the 7 energy centers (Chakras). Get an introduction to the inner work of toning and singing along the rainbow bridge, as well as a better connection to yourself and others using your authentic voice. No music experience is necessary to attend. This workshop is a precursor to two new classes being offered at the Sonoma County Healing Academy in January!

A great way to experience what's in store for 2015.
